***Prenatal Provider Screening Rates: Interpreting Your Numbers**

Forms processed-this is the total number of forms submitted to Healthy Start by your office which should

Consent to Screen-this reflects the number of patients who have signed consenting to be screened; thus

Submitted without errors-this reflects the number of forms your office has submitted that are fully completed.

Forms referred correctly-this reflects the number of forms that were correctly referred either based on a score

Your office does not meet screening standards by having a consent-to-screen

Your office is on track with a consent-to-screen rate between 80% to 89%!

Your office is an exemplary screener with a consent-to-screen rate of 90% or higher!
